## JULY... a month full of work

So far, I (Carl) have attended 2 district conferences with the Wesleyan Church. It was a great time to connect with all the pastors in each district and share with them about our plans for leadership training. In every district, the people responded with great enthusiasm and anticipation!

The National church is facing a lot of challenges at every level: financially, directionally and spiritually. This puts a pressure on us to launch our leadership trainings as soon as possible. Our plan is to start our first set of conferences as soon as we get back in November and finish with it by April. We hope this will be helpful to the whole church as the national election is for April 2010. In the meantime, I am making a lot of connections with the different Christian organisations in Port-au-Prince. For example, I had a meeting with Compassion this past week that went really well. They caught the vision and now we are talking about the possibility of training all their staff and the people involved in Compassion. This means hundreds of people who will be trained in this material. Praise the Lord! Please help us pray that every Christian organisation will catch the vision and take advantage of these great trainings.

I (Maya) kept my pregnancy a secret for my whole family. When they came to get me at the Aiport, they didn't even notice. I have to say that I hardly show. The next morning, Théa came and kissed my belly and said "baby, baby". So, that's how they found out I was 7 months pregnant. They are very excited.

I have also been working on following up with some pastors and coordinating church visits.

## Prayer Requests

- Pray for good administration in the National Church in Haiti
- Pray for focus & strenght in our marriage relationship as we are away from each other for 18 more days
- Pray for a successful month in fundraising as we have pressing need for a vehicle
- Pray for rest and renewing of mind for Maya as she spends time with her family. Pray that the Lord will use her to bring her family close to the Lord
- Carl's US visa has expired and he is in the process of renewing it. Please pray that they will give him many years and that his travel through the US will go well.
- Both Théa and I (Maya) are anemic. Please pray that somehow, we will get an infusion of iron, especially for me as I am getting closer to delivery.

Théa has been repeting every word we say. She is having a lot of fun playing with her cousins and she is enjoying every bit of it. She has also been playing with toys which is very new for her. She is growing! She

We want to thank the Lord for His faithfulness in providing for our every need. Please pray that our student loan, as well as our car loan will soon disappear.
- We thank Jesus for a safe & peaceful flight for Maya and Thea. Théa was a great traveler.
- The Lord provided funds for Carl to continue his Master's in Christian Leadership! He will re-start in the fall. This is sooo exciting!

found a family picture at my parents house that she carries around. She says: "papa, papa" and she kisses the picture of her dad. She misses her daddy a lot. Pray for her as she is very strong minded. I wonder where she gets that from... (smile).
