For the first time this week we are seeing signs that spring is on its way and I can't tell you how happy we are about that!! It has been a long and not so easy winter for us but God has sustained us and helped us through. The Czechs love being outdoors and enjoying nature and we pray that as we interact with them in the coming months in various activities outdoors that we can direct the praise that they have for the natural world to our Creator. Many things both big and small are coming soon in the months ahead and we are anticipating how God will use us to draw those around us to Him. It is our desire to be used by Him in all that we do and say because we know that His return is coming soon and so many are lost and in need of Him. I know that we say this all of the time but we truly can't say it enough...THANK YOU for your partnership in the sharing of God's love and Word in the Czech Republic. Without your prayers, encouragement and support we would not be able to serve and fulfill God's call on our life. There is joy and peace in knowing that you are in the center of His will and doing exactly what God has planned for you no matter what comes your way. Victory happens one day at a time and we are simply called to be faithful.

I will praise you, O Lord, among the nations; I will sing of you among the peoples. For great is your love, reaching to the heavens; your faithfulness reaches to the skies.
